

SUBJECT INDEX

Workers Vanguard—2 January to 24 December 1976 (Issues Nos. 90-138)

GUIDE TO THE SUBJECT INDEX

• This subject index covers issues of *Workers Vanguard* published during 1976, from issue No. 90 (2 January) to the end-of-the-year issue No. 138 (24 December). During this time, *WV* was published weekly. This single index covers two volumes: No. 4 (2 January to 18 June) and No. 5 (25 June to 24 December).

• The fullest listing is by SUBJECT. Subject headings are arranged alphabetically. Entries are listed chronologically with two exceptions: all entries comprising a series are listed together immediately following the first entry of the series; corrections immediately follow the relevant entry. An asterisk (*) after the page location of an entry indicates that a correction follows.

• Entries are listed under subject heads. In some cases, subject heads are broken down into subcategories. These subcategories are listed immediately after the initial subject head and preceded by a dot (•). The numbers following each entry headline give the issue number, date and page number(s) for the article. Thus:

Imperialist-Led Forces on the Run in Angola, #93, 23 Jan. (1, 9)
means the headline of the article, Issue No. 93, 23 January 1976, pages 1 and 9.

• No entry is listed twice; refer to cross references for guidance in locating the subject head for particular articles. Cross references are of two types: those following the word "see" deal centrally with the subject head; those following the words "see also" are related articles. Subject heads in cross references are separated by a semi-colon, while subcategories of subject heads are separated by a comma. Thus:

AFSCME—See **Public Employees: General, New York City; San Francisco Politics.**

means that articles on AFSCME can be found by going to the subject head **PUBLIC EMPLOYEES** and looking under the subcategories **General** and **New York City** and by going to the subject head **SAN FRANCISCO POLITICS.**

• Individuals mentioned in articles are usually not listed separately unless the article is primarily about the given person.

• Entries relating to foreign countries are listed under geographical headings and not necessarily under any other subject heading. Unless listed separately, for some unusual reason, all foreign political organizations are listed under appropriate countries, while U.S. political organizations are listed under their organizational names.

• Articles dealing with the Arab-Israeli conflict and directly related countries and issues (e.g. Egypt, Lebanon) will be found under the major subject head: **NEAR EAST.**

• Specific defense cases (e.g. Joan Little) will be found as subcategories under **CIVIL LIBERTIES: Cases**, with the exception of the Mario Muñoz defense, which is listed under **MUÑOZ CAMPAIGN.**

• Abbreviations used in entries are:

C: Correction
L: Letter
S: Series
R: Review
Sup: Supplement
